

## METALOG training tools Workshop

The workshop takes place on May 18<sup>th</sup> 2019 at:

**Holiday Inn – Washington DC Central**  
**1501 Rhode Island avenue NW**  
**Washington, DC 20005**

Cost: 99\$

We will meet up at 9:00 a.m. in order to kick off at 9:30 a.m. The workshop will end at 5:30 p.m. Two coffee breaks and lunch will be provided.

METALOG® training tools are multifaceted interaction activities and learning projects for indoor and outdoor use. Their simplicity and powerful effect are both engaging and fun. They involve all of the learner's senses, allowing the user to truly experience learning topics such as communication, leadership, team dynamics and roles, to name but a few. Hands-on experience of a wide range of METALOG® training tools during the workshop will enable you to fully grasp their value in the learning situation. **Target group:** trainers, consultants, educators and teachers, HR developers, inquisitive people interested in activity-based and experiential learning and how it can be used with groups.

### **What you can look forward to:**

First-hand experience of METALOG® training tools – explore as a group how to apply the tools in your training seminars and workshops.

Development of a robust methodology to integrate activity-based learning into your seminars and trainings.

Development of a pool of learning metaphors with which to conduct targeted learning projects.

### **The benefits for your professional life:**

Your workshops and training sessions will have higher energy and more impact.

Your work as a trainer will become easier because you will have methods at your command that enable the delegates to evaluate and appraise what they have learned themselves.

Your work as trainer will have a longer-lasting effect because the methods you will have at your disposal allow your delegates to transfer what they have learned to their daily lives.

### **Workshop topics:**

The learning project as metaphor

Outcomes-based staging

Framing interventions

Evaluation of activities

The 3-Phase Transition Model

And much more...

**During the workshop, we will show you how to apply the METALOG® training tools to a wide range of topics, including:** team development, building trust, leadership communication, project management, communication interfaces, communication strategies in various contexts, feedback, self-organization, systemic coaching, distribution of work, quality of work, interdependency between individual tasks in the team and the overall goal, playful activation, etc.,

**To book just send us an e-mail and we will confirm your participation!**
